TECHNICAL SKILLS

Programming Languages

Basics of:
- C
- C++
- C#
- Python

Web Development

- HTML
- CSS
- JavaScript

Game Development

- Unity Engine (C#)
- Godot Engine (GDScript)

Tools & Platforms

- GitHub
- VS Code
- MS Office

EDUCATION

Menoufia University

2025-Present

The Faculty of Computers and Information, Menoufia University, is one of Egypt's leading institutions in computer science and information technology education. It provides strong academic programs focused on software engineering, artificial intelligence, data science, cybersecurity, and information systems. The faculty aims to equip students with both theoretical knowledge and practical skills to meet the demands of the modern tech industry.

High School

2022-2025

El-Shaheed Awda Secondary School for Boys, located in Sherbin, Dakahlia, is a well-known public high school that focuses on academic excellence and student development. During my time there, I studied the general secondary curriculum with a strong focus on mathematics, science, and languages. I actively participated in school activities and maintained good academic performance, which helped build my interest in my life.

SOFT SKILLS

- Teamwork, Management
- Self-motivation
